

# TURNING POINT

inspired by possibility

CELEBRATING 60 YEARS

## Object Submission Form Guide

Easy  
read

# About this guide

Turning Point is turning 60 years old in 2024.

We are asking people to share their story using an everyday object.

You can use this guide to help you complete our online form to tell us about your object.

# About You

The online form asks...

What is your first name?

What is the best email address for us to contact you? This could be yours, your support worker's or a loved one.

Are you submitting an object for someone else?

# If you answered YES

## Think about:

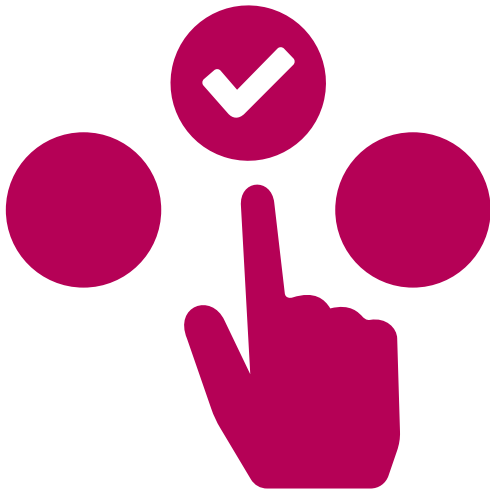

Do you have permission to share this person's story?

Would this person want to complete the form instead?

# If you answered NO

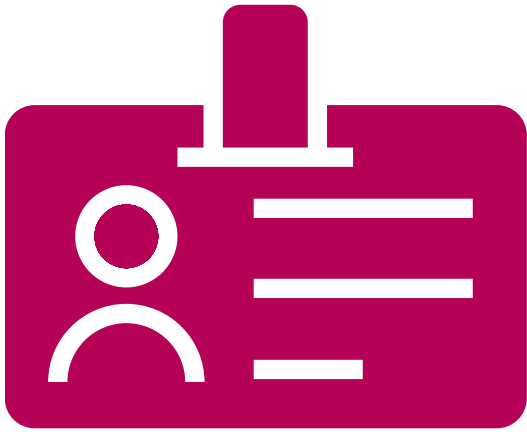

Read through the different options. Which sentence sounds the most like you?

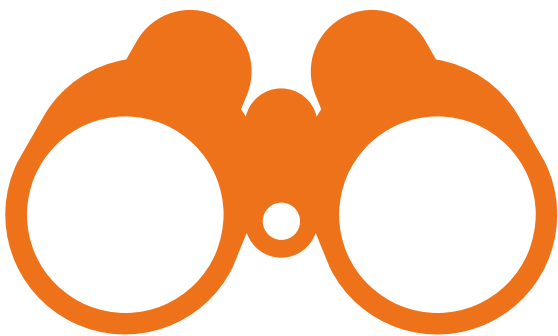

Do we have permission to use your first name in our campaign? If the answer is no, we will keep your name hidden when your object and story goes online.

# The object

What is the name of the object?

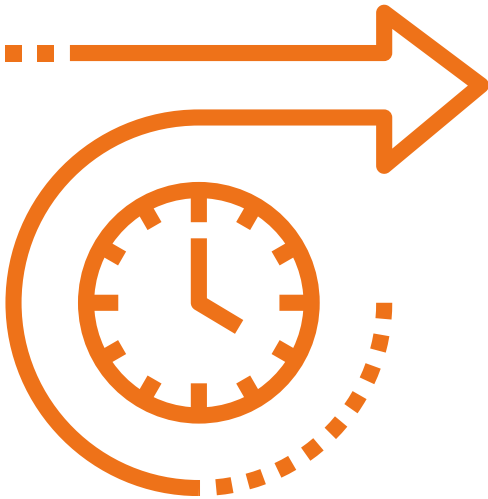

What does the object look like?

Can you tell us the story about this object?

Is there anything else  
you'd like to tell us?

What are you looking  
forward to in the  
future?

Do you have a photo of  
the object? If not, we  
can find one for you.

# Please remember:

You must be 18 or over to submit an object.

Your story must be true.

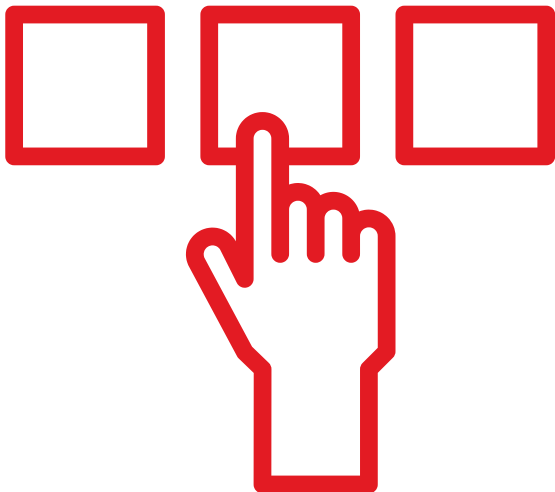

We may edit your story to make it clearer.

Your story may be also be used to tell people about Turning Point - such as on social media.

The objects for the exhibition will be picked by a group of people supported by Turning Point.

The personal information you give us will only be used by Turning Point.
