

MY TURNING POINT EXPERIENCE

This survey is to understand how people feel about their support from Turning Point. What we learn will help us make services better.

We are asking the same questions of everyone who is being supported by Turning Point now or has been within the last year.

There are six multiple choice questions so it will only take a few minutes to complete. You don't leave your name, and no one can tell the answers that you give.

Completing the survey

- There are no right or wrong answers - please give us your honest thoughts.
- If you are able to complete it on your own, please do. If you need support to complete it, anyone you feel happy helping you can do so. It could be a support worker, a family member, friend or advocate.
- You can complete the survey online or on paper.
- If you complete it on paper, your support worker can put your answers into the online survey for you afterwards if you'd like them to. Or you can do this yourself or with help from someone else. The online version can be found here: mytp.me/experience.
- The survey has multiple choice answers. If you have specific feedback you would like to share about your experience, let your support worker know. They will explain how you can give more detailed feedback in your own words. For example give a compliment, suggest an idea or make a complaint. You can do so via the online version of this survey.
- Once we have all results from the survey we will be sharing these with our services, so everyone can know how people feel about Turning Point support.

Thank you for completing the survey. It will help us to help make sure the support Turning Point provides is the best it can be.

Firstly, where were you / are you supported by Turning Point?
(Please tell us the name and location of the service)
